

# Alumni Association

The active network after the TUM Executive MBA

# What are the Objectives of the TUM Executive MBA Alumni e.V.?

- Facilitate the transfer of knowledge of subjects such as business, communication and leadership between the graduates of the TUM and representatives from the business community and society through symposiums.
- Supporting the continuous development of the TUM MBA programs through engagement of the alumni.
- Granting scholarships to exceptionally promising applicants of the program.
- Providing members with relevant information to keep them up to date of current developments.

Off Site Meetings and Get-Togethers that facilitate new opportunities in continued learning;  
The format "Art After Work" and the annual "Alumni Workshops" evenings for new classes.

# The TUM Executive MBA Alumni e.V.

A platform for sponsors and graduates to maintain relationships, meet new contacts and exchange information. Our Alumni Association has distinguished itself by providing symposiums covering relevant and timely subjects, regular informal meetings between members in different cities, family weekends, retreats, cultural events and an annual event at Munich's Oktoberfest. The association provides all these activities to its members because the graduation of the EMBA program

does not mean the end of an education rather it is the beginning of well balanced continuous learning through the exchange of information and networking.

The Executive MBA was initiated by the Bertelsmann Foundation, the Heinz Nixdorf Foundation, the Daimler-Fonds and the Technical University Munich. As a graduate of the program or as sponsor you are qualified to join the alumni association.

Great conversations and valuable exchange of knowledge during our workshops and events such as the annual Oktoberfest visit.

## Members of es Board are committed to the Alumni Association because....

„The association provides the setting to meet with alumni and members of the current classes. The seminars that the association organizes help its members to keep up with current relevant subject matters.“

*Prof. Dr. Johannes Beckers, MBA, Class of 2010, Wissenschaftler, Helmholtz Zentrum München GmbH und TU München, TUM Executive MBA Alumni e.V. Erster Vorsitzender*

„Our organization represents a successful development over the years in which established events have as much a place as the input of new ideas from each graduating class.“

*Claudia Paul-Helten, MBA, Class of 2001, Repräsentanz Executive Education Center, cph consulting, TUM Executiv MBA Alumni e.V. Geschäftsführende Vorsitzende*

„Graduating from an MBA program shouldn't be a one-off event rather it should be the basis of a continuing education which our Alumni Association is working hard to support for its members.“

*Martin Custred, MBA, Class of 2007, Prokurist, CBRE GmbH, TUM Executive MBA Alumni e.V. Verwaltung*

„The alumni association is a relaxing continuation of the MBA.“

*Arndt Kresin, MBA, Class of 2014, leitender Justiziar ABG, TUM Executive MBA Alumni e.V. Rechtliche Fragen*

„The Alumni Association is for me a valuable network to exchange information with members of the EMBA of the TU Munich. I am happy that my contribution is helping to shape the EMBA program and the association.“

*Martin Prankl, MBA, Class of 2014, Prankl Consulting, TUM Executive MBA Alumni e.V. Social-Media*

„During my MBA I had the chance to gain comprehensive management knowledge and get to know outstanding people. The TUM MBA Alumni e.v. creates a wonderful opportunity to continue this valuable experience and stay connected with inspiring people and benefit from a global network.“

*Julia Specht, MBA, Class of 2016, Manager Corporate Strategy, BSH, TUM Executive MBA Alumni e.V. Mitgliederwerbung und Events*

„Our alumni network grows stronger every time we have a new member. I have benefited from the interactions with its members and at the same time I have been able to support its members with advice and counsel. An active alumni network offers as much potential as the educational program of the MBA itself.“

*Achim Krämer, MBA, Class of 2017, Manager Finance, TUM Executive MBA Alumni e.V. Schatzmeister*

## The Associations provides a wealth of offerings and information

- Provides its members with special rates for further qualification programs offered by the Executive Education Center.
- Updated information so that alumni are kept up to date anywhere they may be in the world.
- An attractive and active networking platform for its members.
- Regularly scheduled seminars and expert workshops.
- Annual participation of the Alumni Welcome event with the latest class of the MBA program.
- Access to the large offering of the TUM Library with support and research resources.

## Who can become a member?

Graduates of the Executive MBA as well as those who have completed an Executive Training or other advanced training programs of the TUM School of Management.

You have not completed education programs of the TUM but would like to take part in our events and take advantage of our network ?

Then become a sponsor and help contribute financially as well as promote the ideals of the association. We offer membership for companies as well as individuals.
